## Feature Request Voting - Coming Soon!

2020-12-21 - Luke Bryant - Upcoming Events!

### **Feature Request Voting - Coming Soon to the Blyott Help & Assistance Help Centre!**

To allow our users to engage with our team and provide us with suggestions for future features that you would like to see added to the Blyott platform, we are in the process of adding a 'Community Feature Request & Voting' tool.

This will allow you to submit a feature request to our team, this will then be reviewed for viability and we may get in touch with you to ask for more information if needed.

If your feature request is approved, we will post it on our Help Centre where other Blyott users can vote if they would like to see it developed.

We also aim to allow the 'Feature Request' page available for subscription, so that you can keep up to date with new feature ideas and progress.

If you have any questions or suggestions at all, please feel free to get in touch with us [HERE!](#)

Thanks and regards,

**The Blyott Support Team**
